Partner With the Future of Ceilings & Walls

Why Join Space Ceiling?

Space Ceiling is revolutionizing modern interior design with stretch ceiling and wall systems, integrated lighting, acoustic solutions, and luxury finishes. As a dealer, you tap into a high-demand niche with full support and unmatched innovation — all while maintaining your independence.

We Believe in Dealer Freedom

Our dealer program is designed to empower you. We want our partners to succeed with freedom — not be locked into rigid franchise rules or corporate micromanagement. That's why:

- You operate under **your own business model** (or optionally use Space Ceiling branding)
 - You decide **how to run your installations and manage your team**
 - We don't charge franchise fees or royalties
 - You can choose to **offer additional services beyond stretch ceilings**
-

We Set the Prices — You Control the Project

To protect the value of our brand and support your profitability:

- We provide **clear minimum pricing per sq/ft by region**
- Dealers receive materials at **cost price or dealer pricing**
- You invoice the client directly and keep the margin
- We maintain brand value while you remain in control of your business

This hybrid model gives you flexibility while still aligning with Space Ceiling's high-end standards.

Top Benefits of Becoming a Space Ceiling Dealer:

- **Premium Product Access:** Stretch ceilings, glossy/matte finishes, printed designs, acoustic panels, smart film, magnetic lighting systems, and LED integration
 - **Exclusive Dealer Pricing:** Competitive dealer rates close to supplier pricing, plus support to boost your project profitability
 - **Full Training & Onboarding:** Hands-on installation training (online or in person), step-by-step install guides, technical drawings, material calculators
 - **Use of Brand Materials:** Access to our logos, brochures, project images, social content, and presentations
 - **Lead Sharing & Marketing Support:** Local leads forwarded to dealers, optional co-branded advertising, shared social posts
 - **Innovation Access:** New products and technologies (fiber optics, smart film, printed membranes) shared first with dealer network
-

Who Should Apply?

We're looking for:

- Ceiling and drywall contractors
 - Interior renovation companies
 - Electricians or LED lighting installers
 - Architects or designers
 - Entrepreneurs or showroom owners who want to represent a modern brand
-

Dealer Types & Opportunities

1. Business Dealer (Supply & Install)

- Use your own brand, integrate our products into your offerings
- Purchase materials directly from Space Ceiling at dealer pricing
- Quote and invoice your own clients
- Basic training and support provided
- Ideal for experienced tradespeople or contractors expanding into stretch ceiling systems

2. Brand Partner (Exclusive Representation)

- Use the full Space Ceiling brand in your city/region
 - Appear on our official website and receive branded marketing materials
 - Leads in your region forwarded to you directly
 - Higher level of support, project quoting assistance, advanced install training
 - Optional access to showroom buildout or launch packages
 - Ideal for entrepreneurs looking to represent a luxury ceiling solution
-

Program Requirements:

To ensure strong brand integrity and client satisfaction, we ask that all dealers:

- Demonstrate experience in ceiling, wall, or renovation work
 - Complete product training (online or in person)
 - Invest in basic installation tools (we'll provide the list)
 - Meet our brand quality standards for installs and customer communication
 - Maintain minimum pricing in your territory (MAP pricing structure)
-

What You Get:

- Dealer certificate (printable)
 - Starter pack with samples and brochures (optional)
 - Access to dealer portal with tools and downloads (coming soon)
 - Guidance on quoting, marketing, and product selection
 - Optional inclusion in Space Ceiling showroom builds or displays
